

Did you know that doing the laundry is the second most hated household chore among Canadians?

WASH & FOLD LAUNDRY SERVICE

How It Works

Select a service schedule that works best for you. Many customers like the convenience of our Monday/Thursday or Tuesday/Friday schedules where we “pick up dirty and return clean” in the same week. Some customers prefer we visit them once a week; items picked up any Monday through Friday will be returned the same day the following week. We also have customers who prefer to call us for service as needed, or we can work with you to create your own schedule to meet your needs

With each pick-up, your clothes will be weighed and processed. Garments will be sorted and professionally washed according to color. After drying, all items will be folded, and placed back into your individual Community Living Atikokan bag(s). Clean laundry will be delivered back with no added worries on your part. There is no more stockpiling quarters for the laundromat, wasting your weekends in endless wash cycles, or finding space at home for the piles of clothes waiting to be washed or folded. Pick-up dirty, return clean... Community Living Atikokan makes it that simple!

Prices

Prices are based on the weight of your order at \$2.00 per pound, and includes free pick-up and delivery. There is a \$15 minimum charge per order. How much laundry is in a pound?
12 lbs. - about 2 regular size loads – what most single people use in a week
25 lbs. - about 3 or 4 regular size loads
35 lbs. - 5 or 6 regular size loads – perfect for families!

What is NOT covered by the basic “per pound” price?

We charge separately for items that can't be included in our sort of dark/light/white items (comforters, mattress covers, sleeping bags, rugs, toilet seat covers, and cleaning rags, for example). Comforters, mattress covers, and sleeping bags require extra handling and attention, so we price them by the item. If an attendant determines that a separate washer/dryer needs to be used for anything in your laundry order, then we will charge 'Cost + \$3.50' for the extra processing.

Monday through Friday: 8:30 A.M. to 3:30 P.M.
